NATURAL LIGHTING AND POPS OF COLOR

domkapa.com | info@domkapa.pt

Allowing in **natural lighting** makes your interior design bright and encourages interaction, especially when the ambiance is neutral with pops of color in the upholstery.

The main character in this seating area is Eva Armchair along with Inside Side Table.

Eva Armchair honors the Portuguese traditional production techniques adding a **boho-chic** touch to your interior design project thanks to its rattan and its global influence. A work of art that tells you a story about style, design and **heritage** that couldn't be alone.

Down to Earth to give her company, Inside Side Table's high-quality materials and craftsmanship allow us to understand how magical is a clean design and a **contemporary** approach.

To set the mood, Grant Pouf is present to show you how a classic and elegant shape doesn't let **ergonomic comfort** down. Grant is available in three different sizes to accomplish various functions - ready for you to create incredible multifunctional spaces.

Sister of the side table, Inside Coffee Table is here to tell you how elegance is in the details through an x-shape in the legs. A mix between **wood** and **steel** will offer some cozy home updates in every decor.

Versatility is one of Domkapa's keywords and you can see it through this one-of-a-kind **outdoor** space full of creativity. By day, you can work in your outdoor office, at night you can look to the stars.

Highlighted in the outdoor living area, Eva Chair owns a special identity thanks to the artisanal woven-work technique presented on its back. Soft lines contrast with **traditional** details and a pop of color in the upholstery that will stand out in every seating area.

This is the right fusion of **high-quality** materials and **craftsmanship** provided by Domkapa. It's time for you to bring comfort and elegance into your interior design and we're here to help you.
